Description

The Lew Electric RRP-2-LR series is a drop in style floor plate assembly (no box) with a metal dual flip lid cover and a UL listed, 15 AMP (TR) duplex receptacle attached to a mounting plate with a watertight gasket surrounding the receptacle. A second neoprene gasket surrounds the underside of the cover, preventing spills from accessing the receptacle. The cover features two watertight flip lids and the included adjusting sleeve helps accommodate installation in finished floor depths up to ¾" when paired with a standard single gang outlet box (not included).
