

SWB-6-LR

Part numbers/UPC Codes

SWB-6-LR	784149510063
SWB-6-LR-A	784149510070

Description

The Lew Electric SWB-6-LR series is a three gang, divided, dual use drop in style floor box with a metal six flip lid cover, three assembled single gang stamped steel boxes (with dividers) and three adjusting sleeves. Inside the floor box are three UL listed 15 AMP (TR) duplex receptacles, each attached to a mounting plate with a watertight gasket surrounding the receptacle. A second neoprene gasket surrounds the underside of the cover, preventing spills from accessing the receptacle. A Lew RRP-2-PQ quad port Comm./Data device is also included to replace one of the receptacles if warranted. This allows for line voltage and Comm./Data to be utilized in the same box. The cover features six watertight flip lids. The UL listed stamped steel box is designed for subfloor installation and the ½" ko's on all sides of the box makes cable entry easy and convenient. The included adjusting sleeves go inside the box to accommodate installation in finished floor depths up to ¾".

Color Options

- Aluminum
- Brass

Compliance and Certifications

UL & NEMA RECOGNITION

- Box UL #E345966
- Outlet UL #E309821
- Meets NEMA WD1-1983 heavy duty requirement for display receptacle
