

## SWB-6

### Part numbers/UPC Codes

SWB-6	784149510049
SWB-6-A	784149510056

### Description

The Lew Electric SWB-6 series is a three gang, divided, dual use drop in style floor box with a metal screw plug cover, three assembled single gang stamped steel boxes (with dividers) and three adjusting sleeves. Inside the floor box are three UL listed 15 AMP (TR) duplex receptacles, each attached to a mounting plate with a watertight gasket surrounding the receptacle. A second neoprene gasket surrounds the underside of the cover, preventing spills from accessing the receptacle. A Low RRP-2-PQ quad port Comm./Data device is also included to replace one of the receptacles if warranted. This allows for line voltage and Comm./Data to be utilized in the same box. The cover features six 1 1/4" watertight close up screw plugs. The UL listed stamped steel box is designed for subfloor installation and the 1/2" ko's on all sides of the box makes cable entry easy and convenient. The included adjusting sleeves go inside the box to accommodate installation in finished floor depths up to 3/4".

### Color Options

- Aluminum
- Brass

### Compliance and Certifications

#### UL & NEMA RECOGNITION

- Box UL #E345966
- Outlet UL #E309821
- Meets NEMA WD1-1983 heavy duty requirement for display receptacle
