Description

The Lew Electric FB/FBLEW series is a 5" Round PVC Floor Box for concrete floor applications, offering 90 cubic inches of interior space for wiring. When ordered as an FB, no leveling ring is included. The FBLEW includes the LRA-U Leveling Ring Adapter. The box contains four conduit hubs (two 1" and two 3/4") and six reducers (two 3/4" and four 1/2"). It also includes a concrete cap. Installation could not be easier. Once the concrete slab has been poured around the box, simply cut the remaining portion of the PVC box flush with the concrete.

Compliance and Certifications

- ETL file #4004534
- Conforms to UL Standard 514C and CSA Standard C22.2 #18.1
