Description

The Lew Electric FDN-200-A series is a double sided and divided sand casted aluminum pedestal box. Each side of the box requires 1 plate (sold separately), and can accommodate line voltage and low voltage within the box. The bottom of the box contains two drilled and tapped 3/4" holes. The unit includes two 3/4" threaded pipe nipples, reducing washers, and lock nuts, as well as a neoprene gasket. The box is 4.75" wide, 3" tall, and 4.25" deep.

Compliance and Certifications

- ETL file #4004534
- Conforms to UL Standard 514A and CSA Standard C22.2 #18
